Subject: OxyChem - Wichita - 2019 Financial Assurance calculation

Brad,

In response to your voice mail, we inflated last year's estimate using an inflation factor of 2.30% (1.0230 multiplier). Accordingly, we reported as follows:

$\$4,614,015 \times 1.023 = \$4,720,138$ (rounded)

It is my plan that we would develop a more comprehensive cost estimate once the permit amendment is issued. Let me know if you have any other questions.

Thanks, David
